SUPERVISOR EVALUATION REPORT

Student Name : _____

Matric No : _____

Programme : _____

Organisation : _____

This evaluation contributes **40%** of the total marks for the industrial training.

Report Supervisor			
Name	: _____	**Staff ID:**	_____
Signature	: _____	**Date:**	_____
Official Stamp	:		

SECTION A (i): INDUSTRIAL TRAINING PROJECT REPORT

COGNITIVE SKILLS (20%) (LOC2)

As part of the assessment, please evaluate the student's Project Report based on their cognitive skills (LOC2). Focus on how well the student demonstrates critical thinking, problem-solving, and the application of theoretical knowledge to the practical aspects of their project.

Attribute	Not available (0)	Below basic (1)	Basic (2)	Proficient (3)	Advance (4)
Problem Identification & Objective Setting *(Project identification relevant to the project and realistic objectives that address the problem)*	No meaningful problem identification or objectives are provided.	Problem identification and objective setting are vague, incomplete, or misaligned with project requirements.	Basic problem identification with limited analysis. Objectives are generic and may lack relevance to project goals.	Identifies the problem and provides reasonable objectives with some justification. Objectives are mostly aligned with project goals.	Clearly defines the problem with in-depth analysis and justifies the objective. Objectives are measurable, specific, and aligned with project goals.
Methodology & Development Phases (*Appropriate development methodology and explain project phases, deliverables, and timelines*)	No meaningful methodology or development phases are presented.	Methodology is unclear, incomplete, or poorly structured. Phases are poorly defined or missing.	Basic methodology with minimal explanation of phases and deliverables.	Demonstrates an appropriate methodology with clear phases and deliverables. Some minor gaps in explanation.	Applies a well-structured and appropriate methodology. Phases are clearly explained with detailed deliverables.
Project Completion *(Complete and functional project outcome)*	No significant output is presented.	Project output is incomplete and not functional	Project output is adequately complete and functional	Project output is complete and functional with minor issues	Project output is complete and functional
Reflection (*Reflect on overall experiences from the industrial training to gain*	No reflection on overall experiences from the industrial training.	Reflection on overall experiences from the industrial training is vague and incomplete.	Poor reflection on overall experiences from the industrial training	Good reflection on overall experiences from the industrial training.	Exceptional reflection on overall experiences from the industrial training.

insights for personal and professional growth)					
Conclusion *(Conclusion reinforces the significance and impact of the Industrial Training.)*	No conclusion provided.	Conclusion is weak, does not provide closure or significance of the industrial training.	Conclusion offers some closure but does not strongly emphasize significance of the industrial training.	Good conclusion that provides clear emphasis on the project's impact and significance of the industrial training.	Exceptional conclusion that strongly emphasis on the project's impact and significance of the industrial training.

TOTAL PERCENTAGE					**20%**

SECTION A (ii): INDUSTRIAL TRAINING PROJECT REPORT

COMMUNICATION SKILLS (5%) (LOC3C) (WRITTEN)

As part of the assessment, please evaluate the student's Industrial Training Project Report based on their written communication skills (LOC3c). Focus on how well the student demonstrates clarity and proper formatting to the communication aspects of their project.

Sub Attribute	Not available (0)	Below basic (1)	Basic (2)	Proficient (3)	Advance (4)
Font Type and Size *(Follow the required font type and size; Consistent formatting throughout the report)*	Does not use the required font type and/or size. Non-compliant formatting.	Use required font type but with incorrect font sizes in multiple sections. Major inconsistent formatting.	Use required font type and size requirements but with minor inconsistencies in formatting.	Use correct font type and size used throughout, with some formatting issues.	Exceptionally use font type and size specifications exactly as required. No formatting issues.
Margins and Spacing *(Follow margins and spacing as per guidelines)*	Margins and spacing are not followed as per guidelines.	Major margin and spacing errors.	Mostly correct margins and spacing, but minor errors in specific sections.	Margins and spacing are followed with some inconsistencies in only one or two sections.	Exceptionally follows to the specified margins and spacing requirements throughout the report.
Headings, Subheadings, and Numbering *(Follows a structure of heading, subheading and numbering formatting)*	Headings, subheadings and/or numbering are missing. No structure is maintained.	Uses headings, subheadings, and numbering but does not follow a consistent format.	Follows a heading format but minor inconsistencies in subheading structure or numbering formatting.	Mostly correct alignment of headings/subheadings structure and numbering formatting with only small formatting issues.	Exceptionally consistent in the structure of headings, subheadings, and numbering formatting.
Tables, Figures, and Paging *(Tables and figures follow guidelines format; Page numbering is correct)*	No tables and figures format. Page numbering is missing.	Some tables and figures follow guidelines format, but others are misaligned, with incorrect captions or	Most tables and figures follow guidelines format correctly, with minor mistakes in captions,	Tables and figures follow guidelines format with only some inconsistencies. Page numbering is mostly correct with some (one or two) errors.	Tables, figures, and page numbering follow guidelines format exceptionally.

		placements. Page numbering is inconsistent.	numbering, or placement. Page numbering is mostly correct.		
Reference Format and Citation Style *(References and/or in-text citation follow the required guidelines format.)*	References and/or in-text citation is missing.	References and/or in-text citation do not follow the required guidelines format.	References and in-text citation format follow the required guidelines format, but with minor inconsistencies.	Most references are follow the required guidelines format correctly, but some (one or two) inconsistencies exist in citation style or indentation.	All references and in-text citation follow the required guidelines format exceptionally.
Clarity and Organization *(The ability to clearly communicate and organize ideas, points, and information in writing)*	No ability to clearly communicate and organize ideas, points, and information in writing	Limited ability to clearly communicate and organize ideas, points, and information in writing	Adequate ability to clearly communicate and organize ideas, points, and information in writing	Good ability to clearly communicate and organize ideas, points, and information in writing	Excellent ability to clearly communicate and organize ideas, points, and information in writing
Language, Grammar, and Mechanics *(The ability to choose and use words with proper rules, sentence structure, and technical writing aspects for effective writing)*	No ability to choose and use words with proper rules, sentence structure, and technical writing aspects for effective writing	Limited ability to choose and use words with proper rules, sentence structure, and technical writing aspects for effective writing	Adequate ability to choose and use words with proper rules, sentence structure, and technical writing aspects for effective writing.	Good ability to choose and use words with proper rules, sentence structure, and technical writing aspects for effective writing	Excellent ability to choose and use words with proper rules, sentence structure, and technical writing aspects for effective writing

SECTION B: MULTIMEDIA DIGITAL PORTFOLIO

DIGITAL SKILLS (15%) (LOC3d)

For the Multimedia Digital Portfolio assessment, please evaluate the student's digital skills (LOC3d). Focus on how well the student has demonstrated their ability to use multimedia tools and technologies in the creation of their portfolio. Review the creativity of the multimedia elements included, such as graphics, animations, and videos. Consider the overall design, and interactivity of the portfolio, as well as the student's attention to detail and organization in presenting their multimedia work.

Sub Attribute	Not available (0)	Below basic (1)	Basic (2)	Proficient (3)	Advance (4)
Use of Multimedia Tools & Technologies *(Proficiency of using multimedia tools and technologies to create digital portfolio)*	No use of appropriate multimedia tools and technologies to create digital portfolio.	Uses basic multimedia tools and technologies but lacks technical proficiency to create digital portfolio.	Demonstrates moderate proficiency with multimedia tools and technologies to create digital portfolio.	Adequately utilizes a range of multimedia tools and technologies to create digital portfolio.	Exceptional mastery of multimedia tools and technologies to create digital portfolio.
Creativity in Digital Portfolio ***(C****reativity in integrating multimedia elements used in digital portfolio)*	No creativity; No multimedia elements used in digital portfolio.	Some creative attempts but lacks originality or effective integration of multimedia elements used in digital portfolio.	Displays moderate creativity with some unique integration of multimedia elements used in digital portfolio.	Shows adequate creativity with well-integrated multimedia elements used in digital portfolio.	Exceptionally creative in using multimedia elements in digital portfolio in an engaging and impactful way.
Portfolio Design and Layout *(Demonstrate a well-structured, and visually appealing design with a cohesive layout)*	No structure or design layout of a digital portfolio.	Lacks consistency; disorganized layout with poor visual appeal.	Moderately well-organized with a clear layout, but minor improvements are needed.	Adequately appealing layout, with only slight refinements needed.	Exceptionally well-designed, highly organized, and fully optimized layout.

Portfolio Interactivity *(Navigation and interactivity of digital portfolio)*	No interactivity	Limited interactivity; Major navigation issues	Navigation and interactivity has some issues and could be improved.	Easy to navigate, and interactive with only minor issues.	Exceptionally highly interactive, and user-friendly with no issues.
Presentation of Multimedia Work in Digital Portfolio *(Structure and flow in presentation of Multimedia work in the Digital Portfolio)*	No information about Multimedia work in the Digital Portfolio	Lacks a clear, logical flow; Poor presentation of Multimedia work in the Digital Portfolio	Moderately organized with minor inconsistencies in presentation of Multimedia work in the Digital Portfolio	Adequately organized with clear structure and flow in presentation of Multimedia work in the Digital Portfolio	Exceptionally organized, clear flow in presentation of Multimedia work in the Digital Portfolio
