OTHER CONTENT
The Bachelor of Banking programme is aimed at producing graduates with analytical and innovative bent of mind who can meet the much-needed talent requirement and contribute to its overall development in general, and the banking system in particular.

The Bachelor of Banking programme is industry-relevant and recognized by the distinct professional body for the banking and financial services industry in Malaysia, the Asian Institute of Chartered Bankers (AICB). Graduates of this programme who obtain CGPA 3.0 and above will be able to fast track their learning towards achieving the Chartered Banker qualification by getting full exemption for Executive Banker (Level 1) and can advance to Level 2, Professional Banker certification with an exemption of 1 module (out of 3 modules).

To strengthen the programme, the structure includes in-depth coverage on management, economics, finance, communication, and accounting courses.

BENEFIT
Our banking program is fully accredited by the Association to Advance Collegiate Schools of Business (AACSB).
