INTRODUCTION

School of Government (SOG) at Universiti Utara Malaysia is the premier Public Management and Development Management programme in Malaysia. Our mission is to train prospective students from across the world to become public and private managers who can generate innovative ideas to solve challenging problems in the government and private sectors.

At SOG, we emphasize a multidisciplinary approach to teaching. We commonly apply real case studies to enhance theoretical knowledge in social science, management, public policy, governance, development, economics and finance, and technology courses. SOG has become among the outstanding leaders in educating and empowering individuals committed in advancing the public interest. Our academic staff are trained in advanced teaching and learning methodologies from various areas of expertise.

We continuously expose our students to real-world issues that allow them to develop critical skills for solving complex problems. We nurture them to think critically and analytically about public service and the impact of government policies on our community, nation as well as the world. We aspire that our graduates will strive to bring about changes in their organisations, community, and the nation.

With our consistent focus on employability and commitment to student-centered learning, many of our graduates have attained leadership and managerial positions in government, non-governmental and private agencies.

VISION

To become a renowned center of excellence in the field of public management and development management

MISSION

To realize the charter and philosophy of the college as the center for academic excellence which produces human capability that upholds moral values.

OBJECTIVES

- To lead the dissemination of knowledge through research in the fields of Public Management and Development Management.
- To promote and sustain high-quality teaching and learning at the undergraduate and postgraduate levels.
- To disseminate the latest knowledge and research findings through academic publications, research activities, and knowledge-generation initiatives.

PROGRAMME OVERVIEW

Bachelor of Public Management (BPM) programme is structured around three main fields of study:

1. Politics and Administration
2. Economics and Public Finance
3. Organisation and Management

These fields provide students with the knowledge, theories, and skills required to understand and effectively manage public sector organisations and address contemporary public management issues. The programme also prepares graduates for further studies and professional careers in government agencies, non-governmental organisations, and the private sector.

CAREER PROSPECTS

Graduates of the BPM programme may pursue careers in public administration, management, policy, economics, and related fields across local, state, and federal government agencies, NGOs, educational institutions, and private sector organisations.
